Here Dowie developed ommercial instinct that served o well later in life. He saved h money during this period to to Edinburgh at the age of take a five years' course in the- and the arts. ie decided to remove to England, where his association had a number of branches, but the fates took him across the Pacific and his announced intention of making Great Britain the world headquarters was never carried out. Dowie landed in San Francisco in 1888, needing money. He needed $250 and had just told his wife he had "asked God for it," he said, when a man he had not seen in several months, came along and put the amount in his hand. That was the starting point in his wonderful money-getting career in the western world. Two years of wandering along the California coast followed, and in 1880 "Dr." Dowie, his wife, his son Alexander John Gladstone Dowie, and his daughter, Esther, arrived in the city of Chicago, which was to be the theater of his great work.

During the next five years Dowie was arrested at least a hundred times for violation of the city's ordinances relating to the care of the sick but the more trouble that was made for him, the more he prospered in reality. Branch churches were established in other cities. A large hospital for the healing of the sick was built in Chicago and a college for the training of Missionaries was organized, a printing plant put in operation and a bank was also started.

The Christian Catholic church in Zion City, the outgrowth of the original international divine heling association, was formally organized in February, 1896, Dowie becoming general overseer. Four years after, Dowie, before a large audience in the auditorium theater, announced that he was Elijah, the Restorer, spoken of in Malachi. This assumption of a biblical personality created even more of a sensation among his followers than any of the worldly successes of the prophet. Previous to this, Dowie had marked out his plans for a Zion City, the crowning effort of his life. Six thousand acres of land were purchased or secured by options and in August of 1901 the first building was erected in Zion City, which a year later had a population of 10,000.

In Zion City as well as the church, Dowie was supreme. The title of the six thousand acres bought with the money of the sect rested in him. Lots were leased, not sold. Running for 999 years, these leases were filed with the following restrictions:

The premises shall never be used for a slaughter house, saloon or beer garden, tobacco store, opium joint, theater, gambling establishment, dance hall, circus, pharmacy, drug store, office or residence of a practicing physician or surgeon, place for selling pork or secret meeting place.

In December of 1903 Zion City was placed under control of a federal receivership which was dissolved a week later on Dowie's presentation of ability to pay dollar for dollar all indebtedness. At that time Dowie estimated the value of his holdings in Zion City at $25,000,000; since then the value of the lace factory, the other industries and holdings at Zion City are believed to have increased to $28,000,000.

Eighteen months ago Dowie began the promotion of a second Zion City in Mexico. While engaged in this undertaking his health failed and he went to Jamaica shortly before Christmas, 1905, for his health. While there he suffered a stroke of paralysis from which he never fully recovered. It was at this time that he appointed Wilbur Glenn Voliva his first lieutenant and general over-seer of the church. A month after Voliva took charge in Zion City he, by a power of attorney vested in him by Dowie, had all the property belonging to the church transferred from Dowie to Overseer Granger, charging extravagance and gross mismanagement by Dowie. At the time the transfer was made Voliva called all the Zionists to the tabernacle in Zion City and denounced Dowie. With the exception of less than 200 Dowies' former followers, all the inhabitants of Zion City chose Voliva as their future leader, and word was sent to Dowie in Mexico that he had been deposed. He imediately started for Chicago and took the controversy to the courts for settlement.

No arrangements have yet been made for the funeral.

is no greater misfortune than

VETO POWER NOT USED BY COMER

Alabama Executive and Legislature In Full Accord.

NO IRON HAND IS DISPLAYED

Harmony Prevailed Between Comer and Legislators, and No Bill Was Ever in Danger of Failure Because of Controversy.

Montgomery, Ala., March 11.—There are only 29 bills yet to be signed by the governor. Among them is the Miller bill, providing for the extension of cities and towns, out of which Birmingham may secure greater limits if it so elects, by coming in and being taxed, all alike. With this much work yet to do Governor Comer has left the city for a few days in Birmingham, this being the first trip out of the city since the opening of the legislative session. He will be away until after Sunday, it is expected.

It is remarkable that there was not a single disagreement between the governor and the legislature that was not settled in the best of good humor by the adoption of amendments suggested by the executive in bills that did not meet approval. In every case where he asked changes in this way, the legislature agreed and not a single veto was recorded or intimated. Though the constitutional provision of allowing the governor to make suggested amendments makes the likelihood of vetoes less, it is regarded as rather surprising that he did not even come close to one.

This feature of the session has been pointed to with pride on the part of the friends of the governor, in the light of the many charges that he ruled, or intended to rule with an iron hand, the work of the legislature and the law-making conduct of the members. There has never been more harmony at a session in the history of the state than has prevailed in 1907 so far. Not one of the many measures was ever in danger because of a failure to adopt by either the body or the governor, the whole tenor of the session being one of getting together on platform bills and keeping together on promises to the people.

Most of the laws promised in the campaign were passed, the notable exception being an anti-lobby measure. In the case of this it developed that there was not overly much in the way of demand after all.

Montgomery, Ala., March 11—Governor B. B. Comer has signed one of the bills for the benefit of the water power rights given by congress for the development of the Musel Shoals. The other is on his desk, and will be signed as soon as he comes back from Birmingham, it is expected. These are regarded as measures of particular importance, as they make it possible to go along with the work of building a dam at Florence and getting in the power machinery to be installed there. J. W. Worthington, of Sheffield, is at the head of a company that is to spend several millions of dollars there in a dam and water powers.

Another important bill signed is the anti-bucketshop measure, the effect of which will be to prohibit dealing in futures after the first day of next January. This is the Reese bill, and is almost a copy of the South Carolina law recently upheld by the supreme court of the United States. It was supported by the members of the Alabama Cotton association, and is in line with the platform of the party.

The resolutions providing for recess commissions to make up a municipal code and to investigate an alleged fertilizer trust, were also signed before the governor left the city.

The Reynolds vagrancy bill has been signed and is now a law.

This bill makes it the duty of the defendant in any case of vagrancy to show affirmatively that he or she has visible means of support. The old law put the burden on the state to [illegible] did not have such support. The law also makes the penalty hard labor, seeking to make every one convicted work.

Other bills that have received the approval of the governor are: A police commission provision, made to reach Birmingham particularly; providing for maintenance of the boys' industrial school at East Lake, and allowing cities to pay mayors as much as $5,000; this last bill is also made to help Birmingham.

Three Murders on Small Boat.

Sergent, Ky., March 11.—A small river boat was the scene of bloodshed and carnage on the middle fork of the Kentucky river, 20 miles below here, when Jack Rice and Elijah and Speed Bailey, brothers, were killed by Henry Ellsmore, in a drunken carousal. Ellsmore first attacked Rice with a small boat paddle, beating him over the head. The Bailey's interfered, when Ellsmore shot both of them to death. He then turned upon Rice, whom he had attacked with a paddle, and completed him. Ellsmore was seriously cut about the head The other men were unarmed. Ellsmore was armed with a 38 Colts pistol. He was arrested an hour after the murder, making no resistance.

Will Affect Immigration.

New Orleans, March 11.—Chas. Schuler, state commissioner of agriculture and immigration, expressed the opinion that the decision of United States Attorney Bonaparte, rendered regarding South Carolina immigrants, will seriously interfere with the plans of his departure to induce white immigrants to come to Louisiana during the present year. About 600 Italian agriculturalists were being arranged for, the state government to pay the passage of the newcomers and the employers of such labor to reimburse the state for expenses incurred. An immigration station for New Orleans was dedicated only recently.

Sails for Europe.

New York, March 11.—A. B. Lambert, a charter member of the St. Louis Aero-Club sailed for Europe by the steamship Kaiserin Auguste Victoria in the interests of American ballooning. Mr. Lambert will inform foreign aeronutas of the arrangements for the international race for the James Gordon Bennett cup to be held in St. Louis in October. Mr. Lambert said that the new balloon to be used in the race by Alan R. Hawley will be named "St. Louis."

Sunset Limited Annulled.

Houston, Tex., March 11.—The Sunset Limited of the Southern Pacific was annulled Friday because it was fifty minutes late, the anullment being due to the recent order of the Texas Railroad commissioner requiring passenger trains to run within 30 minutes of their schedules. There was a large number of northern and eastern tourists aboard the train going to the Pacific coast and they were completed to lay over in Houston 12 hours.

Killed Playing See-Saw.

Anniston, Ala., March 11.—Slade Acker, 7 years old, was killed instantly at Ohatchie while playing at seasaw with schoolmates. They had a log on a stump for a seesaw. The log rolled off, catching the boy and his neck, back and one arm were broken. He was dead when extricated.

Six Negroes Buried Alive.

Charlotte, N. C., March 11.—By the caving in of a sewer ditch at Statesville, N. C., six negro men were buried alive under tons of dirt. The rescue party found the six standing bolt upright when the earth was removed and life was extinct. All the men leave families.

Many Mexicans Blown to Atoms.

El Paso, Tex., March 11—Advices received from Chihuahua state that 35 persons—men, women and children—were killed at San Andoes, 20 leagues from there, by the accidental explosion of a large quatity of dynamite.

Shoe Plant Destroyed.

Cumberland, Md., March 9.—The four story brick wholesale building of the Maryland Shoe company here was burned Saturday. The loss is placedat $100,000, with insurance of $60,000.

FOREMAN CLAIMED HE WAS ROBBED

Shows Up at Tifton, Ga., In Terribly Bruised Condition.

$490 WAS TAKEN FROM HIM

Is the Claim Made by John Hester Says He Was Held by Negroes and White Men Beat Him Up Terribly. Eye Closed, Face Badly Swollen.

Tifton, Ga., March 11.—John Hester, foreman at the turpentine camp of D. L. C. Harper, near Alapaha, arrived in Tifton Friday morning at an early hour in a terribly beaten and bruised condition.

Mr. Hester says that his injuries were inflicted by unknown parties at Inaha, a flag station on the Georgia Southern Florida railway, about 12 miles north of Tifton, in Turner county. He left Tifton on the northbound train at 6:25 o'clock for Inaha. He says that his business there was to pay the accounts of five negroes who wished to leave the employ of a turpentine firm, who run a still about a mile from that place. The five negroes were to meet him at the train that night, and he says they met him, accompanied by several more, and all of them claimed that they wanted to leave their employees at that place and to go to work for Mr. Harper. Mr. Hester says that he told them he could not pay the accounts of all, as he did not have the money.

While he was talking he says that one of the negroes caught both of his arms around him, and that the foreman, a white man, who had come up in the meantime, began beating him in the face and over the head. He says that his satchel was taken from him, and several attempts made to rifle his pockets. He was knocked down several times, and thinks that there were several men doing the beating. He saw two or more negroes with pistols, but does not think any one struck him but the white men, of whom there were two present. He says he does not know what he was hit with, but his wounds show that it as something besides men's hands.

According to his story, he was then carried to a house nearby, where one white man and some negroes guarded him until an early hour in the morning, when the white men and the negro carried him to Ashburn, and put him aboard the southbound passenger train, leaving there about 3:30 a. m.

Mr. Hester says that he does not know either of the men that beat him, but thinks one was the foreman at the turpentine still, near where the assault took place. While no other side of the story has been heard but the one he tells, his appearance shows that he was badly used.

His left eye is closed entirely, and his face swollen until it is almost beyond recognition. There are several cuts also on his head.

Nicaraguans Were Successful.

New York, March 11.—Dispatches from Managua, Nicaragua, claim that the Nicaraguans were successful in the fight at Namasiquo. In dispatches from Honduras, it was claimed that the Honduran forces were victorious. According to the Nicaraguan advices, President Romila, of Honduras, personally led his troops against the Nicaraguans, who were entrenched at Namasiquo. Bonila, it is stated, suffered defeat with great losses and prisoners. The same advices report that the Nicaraguans on Thursday took Yuguare and many prisoners after a serious battle.

Abram Ruef Under Arrest.

San Francisco, Cal., March 11.—Sheriff O'Neill and Coroner Walsh, having confessed to their inability to find, arrest and bring into court Abraham Ruef, the indicted lawyer and politician, who has been declared by Judge Dunne to be a fugitive from justice, it devolved upon State Senator W. J. Biggy, a local business man, to discover the whereabouts of the defendant in hiding and take him in custody. Ruef was found by Mr. Biggy at a suburband resort.

ETON INDIANS ARE MAKING BIG HIT

This Tribe is Destined to Make One of Chautauqua Features.

OTHER INTERESTING FEATURES

School of Physical Education and School of Health and Cooking Among Prominent Numbers—Audience Pleased With Dr. Cole.

The first day of the second week of the Florida Winter Chautauqua opened Monday morning in the big Tabernacle on Alachua avenue. At 9 o'clock the school of physical education by Prof. and Mrs. C. Ruoker Adams. Prof. and Mrs. Adams' work here has been received with a great deal of interest, because of the fact that the people appreciate its value as a developer of strength, activity and health. At 10 o'clock Monday morning Prof. C. C. Brown delivered another one of his interesting and instructive physical lessons, which was followed an hour later by a practical demonstration in the school of health and cooking conducted by Dr. Carolyn Geisel assistant, of the Battle Creek Sanitarium, Battle Creek, Mich. Dr. Geisel, who is an expert in the preparation of foods, by these practical demonstrations, made quite a hit with the large audience.

At 3 o'clock in the afternoon Dr. Albert Patterson of Columbus, O., delivered his farewell lecture of the season on the subject, "Ideals." Dr. Patterson is an eloquent and forceful speaker, and his presence at this session of the Chautauqua was appreciated, as it was productive of much good and useful knowledge.

At 4:30 o'clock the Seton Indians, under direction of Miss Grace Lamkin, medicine woman, held their second pow-wow. The tribe now has more than 150 members, ranging in age from six to sixteen years of age. The object of this council organization, which held its first session Saturday, is pleasure and profits of woodcraft and this includes camping, Indian games, studies in nature and self-government. The motto is, "Something to do, something to think about and something to enjoy in the open with a view always to character building."

In this work Miss Lamkin adopts the Seton Indian councils originated by Ernest Thompson Seton, known to the children of America as the "Animal Man." It is beautiful, as well as instructive work for the children. Each council has a war-whoop. They learn of the birds, trees, flowers and animals, and Indian legends concerning them; self-government on the woodside, gymnastic drills, games, combination races, etc! The program Monday afternoon was most picturesque and interesting, as well as instructive for young and old, and it is plainly seen now that the Seton Indians are going to be one of the leading features of the Chautauqua.

There was a prelude by the Montauk Lady Quartette at 8 o'clock, followed by a lecture at 8:15 by Dr Walter D. Cole of Cincinnati, Ohio, the subject of which was "Columbia, Her Perils and Defenses." Dr. Cole comes to the Gainesville Chautauqua for the first time, and those who heard him Monday night felt sorry that he had not been on the program in previous years. He is a man of high integrity, eloquent delivery and impressive manner, and every sentence was a sentence worthy of the strictest attention. The large audience was well pleased.

The program of the Florida Winter Chautauqua, which is the best we have ever had, seems to grow stronger and better each day, if such a thing be possible.

The program today will be as follows: School of physical education at 9 o'clock; Biblical lecture at 10 o'clock; school of health and cooking at 3 o'clock, with an instructive lecture by Dr. Geisel; grand pow-wow of Seton Indians at 4:30 p. m. Last appearance of the Montauk Quartette, and lecture, "Geronime, a Pirate of Algiers," by Dr. Cole in the evening.

Dr. Cole was to have lectured in the afternoon, but in order to accommodate many who desired to hear him, and who could not be present at that hour, the time was changed.

NEWS OF CITY AND COUNTY CONDENSED

Miss Janie Bailey of Santa Fe was shopping in the city yesterday. Miss Bailey, who is one of Alachua county's efficient teachers, has recently closed a successful term of the Brown school, near Alachua.

J. U. Manning and family returned Sunday to Lakeland, after a visit of several days here. They were called on account of the illness of the former's mother, Mrs. Pharaby Manning. The patient's condition being apparently improved Sunday, the family thought it safe to leave, but in the evening of the same day there was a relapse.

J. E. Wells of Archer has returned to his duties in that place, after spending a week with his family here. Mr Wells had the misfortune a few days ago to break two ribs, caused by contact with a roll of oil cloth. He fell while stooping over. Dr. DePass was summoned and rendered professional aid. The patient's condition is greatly improved.

Attention is directed to the change of advertisement of The S. J. Thomas Company, which appears in this issue. This firm is publishing communications between the firm and A. F. Wyman of Bradentown, which resulted in the purchase of 100 pounds of the celebrated Thomas' Perfection cucumber seed, and the advertisement will make interesting reading to those interested.

Among the visitors to this city is Thos. F. Pearce of Tampa, who is here on business connected with the United States land office. Mr. Pearce is well known by the older residents here, as he resided here for several years. He has many friends who are always glad to welcome him. Mr. Pearce is well pleased with the progress being made in Gainesville, which he declares is the finest and best inland city in the State. He is an erstwhile newspaper man, and The Sun acknowledges a fraternal call.

In the Mayor's Court.

Z Harris was arraigned in the mayor's court Monday morning upon a charge of fighting.

A man by the name of Mr. Calhoun of Newark, N. J., who is here for the benefit of his health, was the prosecuting witness. He stated that Harris struck him, causing his nose to bleed.

The defendant did not deny striking the witness, but stated to the court that he was provoked to do so by an insult which Calhoun had offered him. He did not explain the nature of the insult, however, and the court assessed him a fine of $10 and costs.

Death of George Smith.

George Smith, about sixty years of age, father of M. W. Smith of this city, master mechanic of the Tampa and Jacksonville railroad, died at his home in Dunnellon on Friday, the 8th inst. His remains were shipped to Gainesville, and the interment was held in Evergreen cemetery at 11 o'clock Sunday morning, Rev. Andrews Sledd officiating.

Deceased is survived by a wife, one son and three daughters, one of the latter residing at Live Oak, two at Dunnellon with their mother.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

THIS MAN WAS VIOLENT.

Demented White Man Apprehended in Woods Near Newberry.

Deputy Sheriff Walker has returned from Chattahoochee, where he went to take Jimmie Lynn, white, who was adjudged insane on Friday by a board of examiners.

Lynn, who talks and acts very irrational, stated that he was from Jacksonville. He says he left that city several days ago, since which time someone has been trying to kill him. He was arrested by Deputy Sheriff George W. Livingston near Newberry, and brought to Gainesville.

The officer states that the unfortunate was in a very unruly condition, and at times showed violence.

A Baby

Should be sunshine in the home, and will be if you give it White's Cream Vermifuge, the greatest worm medicine ever offered to suffering humanity. This remedy is becoming the permanent fixture of well regulated households. A mother, with children, can't get along without a bottle of White's Cream Vermifuge in the house. It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

University Boys Home.

The University baseball team returned Sunday from DeLand, where they played two games with the Stetson team. While the boys are given credit for playing excellent ball, they were unable to win either contest. It is understood that the University and Rollins College teams will have a series of two games in this city within the next few days.

WILLARD MOORE ARRESTED FOR MURDER

Alleged to Have Killed Another Negro in Campville March 2.

CAUGHT IN SOUTH CAROLINA

Made His Escape Immediately After Shooting, Returning to Old Home. Information of Arrest Received Monday—Will be Returned Here.

After only a short week's freedom Willard Moore, a negro employed at Campville who shot and killed Henry McCollough, another negro, over some trivial matter, it is said, has been captured in Winnsboro, S. C., and an officer is expected here with him at any hour.

On Saturday, the 2nd inst., at Campville, Moore and McCollough became engaged in a difficulty, so the story goes, when Moore proceeded to make short work of his man.

Immediately after the shooting the negro escaped. Sheriff Fennell was notified, and, having learned that Moore came originally from South Carolina, suspected that he would return to his native State. It developed that his assumption was correct, for he was arrested near Winnsboro last Saturday, and the Sheriff was notified to that effect.

Sheriff Fennell wired instructions to the authorities in South Carolina to bring the prisoner to Florida, and he is expected at any time.

SUNDAY'S RELIGIOUS PROGRAM.

Two Services at Tabernacle—Baptist and Presbyterians United.

There were only two services at the Tabernacle Sunday, but both were well attended, and were very impressive. In the afternoon the Chautauqua vesper service was held, conducted by Dr. Strouse.

In the evening the service was opened with a song service by the choir, assisted by the Montauk Lady Quartette, which was followed by an address, "Humanity's Attitude Toward Christ," by Dr. James Albert Patterson of Columbus, Ohio.

Dr. Patterson is a prominent Presbyterian who has won for himself a great name in the pulpit and on the platform. He has been a most successful reformer along temperance lines, and is a man of exceptional ability as a speaker of the Word of God. His address Sunday evening was full of interest from beginning to end, and those who heard him were deeply impressed by what he had to say.

The First Presbyterian Church being still out of repair, a union service was held at the First Baptist Church, participated in by congregations of the two churches. The sermon was delivered by Rev. Thos. P. Hay of the Presbyterian church, who spoke with much earnestness. The congregation was large, the church being well filled.

Impressive services were also conducted at the Methodist and Episcopal churches. There was no evening service at either the Methodist or Baptist churches, owing to the services at the Tabernacle.

School Term Extended.

Miss Mary Mann, principal of the High Springs school, was in the city Monday on business connected with the County Superintendent's office. The average attendance at this school having reached eighty per cent, as required by law, an additional term of two months will be granted. Miss Mann has three competent assistants, Misses Emily McWaters and Julia McCredie, and Mrs. Ethel Dean.

Energy of Russian Secret Police.

New York, March 11.—An interesting illustration of the energy of the Russian secret police was shown on Friday at the headquarters of the Jewish branch of the Ruussian social democrats. It is a circular from the Russian social democrats in Geneva, Switzerland, containing a description of a Russian spy who may be on his way here. It is stated that there are Russian spies here now watching Aladin and Tchaykovsky, the revolutionary leaders.

Troops and Police Clash.

Rio De Janiero, March 11.—Troops and police clashed at Nichtheroy on Thursday because of the arrest of a soldier. The president's chief of staff tried to restore order and was shot at but fortunately he escaped injury. The minister of war had to send a battalion to the place before the trouble could be suppressed.

Will Withdraw Service.

San Francisco, March 11.—The Oceanic Steamship company has notified the government that it proposes withdrawing from the American-Australian service the vessels now running on that line. This decision was, it is said, the result of the failure of the United States congress to pass the ship subsidy bill, together with the fact that the New Zealand government did not include an appropriation for a mail subsidy in its last budget, making the operation of the companys line as heretofore conducted, unprofitable.

Dangers of Pneumonia.

Plans Not Perfected.

New York, March 11.—Senator Spooner, of Wisconsin, according to a friend in this city, has not yet made any plans for associating himself with any law firm in this city. It is understood that the senator who has announced his intention to come to New York to practice lawfi proposes to form such an alliance although he has not taken any steps in this direction.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c.

To Check Emigration.

London, March 11.—A Madrid dispatch to the Morning Post says that the government intends to adopt measures to check the continued flow of emigration which is becoming a source of alarm. The newspapers in Madrid advise the government to facilitate the colonization of the island of Fernando Po and Spanish Guiana.

San Point, Idaho, March 11.—The Humming Bird Lumber mills here was destroyed by fire Friday night. Loss $175,000, insurance $100,000.

$1,400,000 IS COST OF SHOPS.

Plans Received for Macon Shops for Central.

Macon, Ga., March 11.—Plans have been received by Central railway authorities in Macon for the gigantic shops which are soon to be erected. The estimated cost by engineers who drew the plans is said to have been placed at $1,400,000. There are indications that the plant which the railway authorities will desire will cost $1,500,000. The directors of the Central in their recent meeting in Macon realized that the expenditures would be more than a million dollars, and since that time engineers have been at work on the details of the plans.

It is certain that these will be the most handsome shops the Central will own when they are completed. Besides this, they will be more costly and will be better equipped than any in the southern territory. More than 1,000 laborers will be employed daily in these shops. This will be the central point for repairs and carbuilding. All railway machine work which will require the ingenuity and skill of machinists, and will in addition to this require the most complete repairing and rebuilding machinery, will be sent to Macon. The shops at this point are to be so well equipped that every devisable implement known to the railway man can be both made and repaired. It is said that electic motive power will be employed.

The site for the shops consists of a section in south Macon covering nearly twenty acres. This will include the present shop site to which other plats of land have been added in recent purchases. Work is to start immediately upon the construction.

Breaks Up a Cold in Ten Hours.

Breathe Hyomei and Get Quick Relief. Cures all Bronchial Troubles.

As a usual thing a remedy that has immediate action contains powerful drugs that should be used sparingly. This is one of the reasons why the ordinary tablets that are sold for coughs and colds should not be taken by people with a weak heart, as they have a dangerous stimulating effect.

When Hyomei, however, is breathed quick relief is obtained in a natural way. Its healing medication goes right to the spot where the disease germs are present, at once soothing and healing the irritated mucous membrane. The action in this way is similar to spreading a soothing salve upon a burn.

No other medicine for the cure of coughs, colds and bronchial troubles is as rational as Hyomei. Breathing it through the neat pocket inhaler which goes with every outfit, it can be used either in the nose or mouth, thus getting full medication into the nasal passage of the throat and lungs as desired. It gives almost instant relief in all affections of the bronchial tubes, and is guaranteed to break up a cold in ten hours. This guarantee is given by one of the best known druggists in Gainesville, J. W. McCollum & Co., with every Hoymei outfit they sell.

A complete Hyomei outfit, consisting of a bottle of Hyomei, an inhaler that can be carried in the vest pocket or purse, and a medicine dropper, costs but one dollar, with a guarantee that if it does not give satisfaction the money will be refunded.

Should extra bottles of Hyomei be needed they can be obtained for only 50c; the inhaler lasts a life-time.

New Naval Shipbuilding.

Rio de Janeiro, March 11.—The minister of finance has sent $10,000,000 to London as the first installment on the new naval ship building. It is understood thatthe government rescinded the contract with the Armstrongs, accepting the proposals of Vickers & Maxim, and paid a penalty of $250,000 to the former firm.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

FARMERS' INSTITUTE.

Interesting Meeting Held at Court House on Saturday.

The session of the Farmers' Institute, which was held in the court house Saturday, was not as largely attended as had been anticipated or desired, but those present manifested a deep interest, and the meeting proved of benefit to them.

The morning session was taken up by Dr. Andrew Sledd, president of the University of Florida, and Prof. Clothier, also of the University.

In the afternoon several interesting and instructive talks along the line of practical farming, fruit and vegetable growing, were made by a number of experienced growers, including Director P. H. Rolfs of the University experimental farm.

Returns From Panama.

New Orleans, March 11.—Major P. M. Harrod, member of the Panama canal commission returned home Friday night. He said the work on the waterway had progressed far enough to warrant the assurance that the canal will be completed within eight years from now. He added that in his opinion the total expense of completing the work would come within the original estimate, especially so since work that had been estimated to cost 80 cents per cubic yards was being done for 56 cents. Mr. Harrod said he knew nothing of the reported intention of the president to re-organize the commission.

G. B. Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Hearst Seriously Ill.

New York, March 11.—William Randolph Hearst is seriously ill at home, according to an announcement and his engagements for some time to come have been canceled. The latter's illness was made known Friday when the fourteenth assembly district, Brooklyn Independence league club, canceled a meeting at which he was to have spoken. Mr. Hearst recently contracted a severe cold.

Gans and Nelson to Fight.

Salt Lake, Utah, March 11.—A special to the Herald from Reno, Nev., says that Texas Rickard has just made the anouncement that he has signed Joe Gans and Battling Nelson for a fight at Ely, Nev. The date is set for July 4.—A thousand dollar purse will be given. Rickard has posted a forfeit of $10,000 in a Reno bank.

STOMACH TROUBLE

CURED WITHOUT DRUGS.

Letter Published by Request of Our Well Known Druggist, W. M. Johnson.

To the Editor: Believing that the people of Gainesville will be interested in cures by such a simple remedy, we ask you to publish the following for the good it may do others.

Mr. Thomas G. Wallace of Detroit, Mich., writes: "After having suffered with a severe stomach trouble for years and trying medicines and doctors without any benefit whatever, I commenced to take Vinol, and I am pleased to state that it has entirely cured me, given me a hearty appetite, and I am stronger and in better health than I have been for years."

Mr. W. M. Johnson, our local druggist, in referring to Vinol said: "You see Vinol contains all of the healing and strength-creating elements of cod liver oil, but without a drop of the useless oil to upset the stomach and retard its work, and tonic iron added.

"Very few people who suffer with stomach trouble can take other forms of cod liver oil and emulsions or sickening drugs, but Vinol strengthens and tones up the weakened nerves of the digestive organs and enables the sufferer to digest with ease the very foods that once caused distress.

"We ask every person in Gainesville suffering from stomach trouble to try Vinol on our guarantee."—W. M. Johnson, druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Boy Accidentally Shot.

Gadsden, Ala., March 11.—Turnie Noojin, a 14-year-old boy, accidentally shot himself while target shooting with a small pistol at the B. B. S. Grocery company's store, on Fourth street, where he is employed. The boy and several companions had placed a target in the rear of the store, and while engaged in arranging the target, the pistol, a small caliber one, was dropped and was discharged, the ball taking effect in the boy's wrist. Although very painful, the wound is not considered dangerous.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. A positive cure for bilious headaches, constipation, chills and fever, and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

Seven Hurt In a Wreck.

St. Louis, March 11.—A northbound Bellefontaine street car jumped the track at Cherokee street, collided with a southbound car, veered and ran 20 feet on the sidewalk, and was almost totally wrecked, resulting in severe injuries to seven persons. Several others received minor injuries. The most severely injured are Fred Chessler, cut and internally hurt, serious; Policeman Henry Pelzer, head cut, left hand and leg fractured.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Is Alive and Well.

New York, March 11.—A dispatch from Ottawa, Ont., says that Mrs. Behenna, the New York artist, who has been reported missing for two weeks is alive and well. Telegrams to Canadian friends state that she is with a daughter at Norfolk, Va.

Negotiating Big Loan.

Buenos Ayres, March 11.—Argentine Minister of Finance DeLobos confirms the report of negotiations in London for a loan of $35,000,000. He says the arrangements are almost completed. The loan will bear 5 per cent interest.

Found at Last.

J. A. Harmon, of Lisemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say, take Dr. King's New Life Pills." Guaranteed satisfactory.

HE DID SLEEP.

The Result of Taking Peanuts and Milk For Insomnia.

Yesterday a friend who had heard that I sometimes suffer from insomnia told me of a sure cure, says Good Health Clinic. "Eat a pint of peanuts and drink two or three glasses of milk before going to bed," said he, "and I'll warrant you'll be asleep within half an hour." I did as he suggested, and now for the benefit of others who may be afflicted with insomnia I feel it to be my duty to report what happened, so far as I am able this morning to recall the details. First let me say my friend was right. I did go to sleep very soon after my retirement. Then a friend with his head under his arm came along and asked me if I wanted to buy his feet. I was negotiating with him when the dragon on which I was riding slipped out of his skin and left me floating in midair. While I was considering how I should get down a bull with two heads peered over the edge of the well and said he would haul me up if I would first climb up and rig a windlass for him. So as I was sliding down the mountain side the brakeman came in, and I asked him when the train would reach my station. "We passed your station 400 years ago," he said, calmly folding the train up and slipping it into his vest pocket.

At this juncture the clown bounded into the ring and pulled the center pole out of the ground, lifting the tent and all the people in it up, up, up, while I stood on the earth below watching myself go out of sight among the clouds above.

Then I awoke and found that I had been asleep almost ten minutes.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

The Watch Habit.

"Ain't it funny how little a man seems to use a watch and yet how he misses one if he hasn't got it with him?" said a man on the street car yesterday who had forgotten his. "I don't suppose I really need my watch more than three or four times a day," he said. "There's always plenty of clocks in sight, but I must look at my watch dozens of times without knowing that I do it. I haven't been gone from home now more than twenty minutes, and I feel as if I had left off my collar, and yet I know within a few minutes of what time it is."—Cleveland Plain Dealer.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

Champion Jumper of the Ocean.

The most stupendous of all leapers of the sea is the whale, but the whale is not a fish. I have seen a monster weighing hundreds of tons, possibly eighty feet in length, rise slowly and deliberately out of the water until it appeared to be dancing on the surface, entirely clear of it, then sink slowly back. Such a leap is on record in the annals of the British navy. A large whale cleared a boat, going completely over it, an estimated leap of twenty feet in air—how many in a lateral direction was not known.—Charles F. Holder in Outing Magazine.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SHORT TALKS BY L. T. COOPER.

NERVOUSNESS.

Nervousness makes people miserable, blue, and unhappy. They think something terrible is going to happen. At night they toss and worry and are not rested. They tire easily and havn't much energy. They think many things are the matter with them—Consumption, Kidney trouble, or twenty other diseases. It's just stomach trouble, nothing else in the world. Two bottles of Cooper's New Discovery will put the stomach in shape in three weeks. I know this because I've seen it tried a thousand times. Then all nervousness will disappear. I know this too, because I've seen it happen a thousand times. Here's a letter I got the other day:

MRS. W. J. SCHAURER.

"My system was badly run down and my stomach and nerves in an awful shape. I could not digest my food, was always tired and would often feel faint and dizzy."

"I had heard so much of your New Discovery medicine that I began taking it. Relief and strength and happiness were found in the very first bottle and the benefit I have received from it has been truly wonderful. I am no longer nervous, my appetite and digestion are good and I eat everything and sleep well." Mrs. W. J. Schaurer, 220 Guthrie St., Louisville, Ky.

We sell Cooper's New Discovery. It makes tired, worn out, nervous people happy.

Smoke Bad Tempers Away.

"Bad weather and bad tempers do our business good," said a tobacconist. "What other business can you say that of? You see, the more dismal the weather is the more men seek the solace of tobacco. In consequence the more money falls into the tobacconist's till. Bad tempered men are always the cigar dealer's best customers. The ill natured man not only flies to his pipe or weed oftener than others, but he smokes twice as rapidly as his placid, mild tempered brother."—New York Press.

It is our private opinion that John Sharp Williams will be succeeded as minority leader only when he resigns his place in the House to enter the Senate.

Speaking of a two-billion dollar Congress, the poor foreigners who pay the tax, as our Republican friends say, must be considering emigration to America.

With the opening of Dixieland Park, Jacksonville's new resort, the Florida Ostrich Farm, and other resorts, the people of that energetic city will not be worried from the lack of a place to go during the coming summer.

Surgeons now declare that the attempt to cure evil dispositions by removing pressure from the brain has proved a failure. The only success in that line was achieved by the old-time operation which removed the head itself.

Some of our Putnam county neighbors have been seeing snakes with feet, according to our valued contemporary, The Palatka Times-Herald. This might be taken as a warning that it's either time to mount the water-wagon or change the brand.

Twenty-five years ago the capital invested in cotton mills in South Carolina was less than $3,000,000; now, according to Wm. E. Curtis' research, the aggregate investment is $82,337,000. A few years ago it was the New South, now it is the "busy South."

The city registration books at the close Saturday showed a registration of 860 names, which is one of the largest in Gainesville for several years. It is estimated that of this number fully 640 are qualified, which is evidence that those interested have been very active during this campaign.

Mr. Harriman is talking a good deal and is evidently preparing to enter into the Republican campaign for the next President. He declares that "a prejudiced sentiment has been created for political purposes." It is probable that he would approve of the nomination of Fairbanks or Foraker or any other sane and safe Republican.

The ship-subsidy died hard, but thanks to the Democrats and especially Senator Carmack, it is buried until the next Congress. Senator Gallinger of New Hampshire declared that he would in the future "exert myself to the utmost to secure legislation on this important subject." Republican Congressmen of the Gallinger brand are sure to be found on the side of subsidizing the rich at the expense of the taxpayers and protecting the trusts with tariff monopoly.

There has been one thing demonstrated by the long drawn out and stubbornly fought Thaw case in New York, and that is that District Attorney Jerome is not the only lawyer of ability in the country. In Attorney Delmas the "learned district attorney" has learned a few pointers in reality. Judging from newspaper reports regarding the status of the case, Jerome has run into a proposition by no means easy, and he has now assumed the position of the fellow who held the bear.

VIRTUAL NULLIFICATION.

The Agricultural appropriation bill contains a provision that in future no forest reserves shall be created except by act of Congress, but before President Roosevelt signed the bill he issued a series of proclamations under a former law, including about all the remaining timber land belonging to the public domain in the present reserves, or creating new reserves. This takes out of the reach of the settlers about all the public land remaining in the Western States, except the desert land, and promises to create a tremendous sensation in the West, where the public land policy of the President has been opposed by the great mass of the people. The President has played a short trick upon Congress and rubs it in by suggesting in a memorandum added to his proclamations that, "If Congress differs from me it will have full opportunity in the future to take such position as it may desire anent the discontinuance of the reserves."

President Roosevelt evidently thinks his Republican brethren in Congress are but poor judges of what is best for the country, for he says: "If I did not act, reserves which I consider very important for the interests of the United States would be wholly or in part dissipated before Congress has an opportunity again to consider the matter." This is as much as to say that Congress went off half-cocked when it passed the law that "in future no forest reserves should be created except by act of Congress," the evident intention of Congress being to head off the President in creating forest reserves; but he has virtually nullified the law and hints that Congress will have to come to his way of thinking. When this news has been digested by the people of the Western states there will be something doing amongst the Republicans thereabouts.

FARMERS' INSTITUTE.

It is to be regretted that the farmers' institute, which was held in this city Saturday, was not more generally attended, as there were many points which would naturally prove of great benefit to the farmer, the trucker, the fruit grower and the stockman. Some fine talks were made along practical lines by experienced people, which were worth a great deal to those who heard them. The farmer, as well as those in other lines of business and profession, must meet and exchange ideas, if he would mark his efforts with any usual degree of success.

But the lack of attendance must not be an evidence of the lack of appreciation among those whom the institute is organized to benefit. It must be taken into consideration that this is the season when the majority of farmers are busy, and a day now means a great deal to them. Again, this institute, being the first of its kind held in this county, was probably not thoroughly understood in its object. Another feature against the meeting was that it was not given the publicity which should have characterized it, the advertising being limited.

It is the purpose of the promoters to hold these institutes at regular intervals in future, and it is safe to assert that, as the people become to understand them more thoroughly, the attendance will increase.

Senator Aldrich and his Standard Oil friends have been defeated in their attempt to hinder the efforts of the farmers to establish farm alcohol plants, thanks to the determination of the Democratic Senators and the aid of one or two Republicans from the Western States. So the Aldrich amendment, providing that an Internal Revenue inspector must at all times be present at these distilleries, was defeated and the distilling trust and the oil trust will now have to enter into open competition with the farmers' distilleries.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that), yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

FLAGLER HAPPY.

Henry M. Flagler was never more active and chipper than this season, which fact is due in part to the successful progress of his Key West extension. That was a red letter day for Florida and the engineering world recently, when his private car was drawn across the long drawbridge from the embankment constructed through miles of the Everglades to the first and longest of the keys to be traversed. Not even a construction train had been over the rails before, as there was a sentimental wish that the man who is pouring out millions like water upon the most unique railroad in the world should be the first to pass from the mainland to the islands by steam. But for some unfortunate hitch drawbridge, trains will be running through to Key West within two years.—Town Topics.

Col. T. B. Oliver, a prominent lawyer of Lake City, died at his home early Wednesday morning from the effect of a severe attack of la grippe. At one time Colonel Oliver was a member of the newspaper fraternity and was a brilliant writer. He married the daughter of Prof. Moody and the union was blessed with thirteen children, twelve of whom are still living.—Ocala Banner. [Col. Oliver was a nephew of P. M. Oliver of Gainesville, and his many friends in this city deeply regret to learn of his death.]

"The equality of the States is dearer probably to New England than to any other section of the country. Abolish State lines and New England would make only one senatorial district," says The Louisville Post. Well, that would still be satisfactory to Senator Lodge and the President, as Lodge would remain "it."

ORDINANCE NO. 127.

An Ordinance to Provide for the Paving of East Main Street from Liberty Street, thence North to Boundary Street, and for the Cost of Such Work, and Issuance of Special Assessment City Certificates to enable said City to pay the Cost of Such Work Pending the Collection of Special Assessments and Taxes.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the Board of Public Works be, and the said Board is hereby authorized and directed to pave, or to contract for the paving of East Main street, from a point where Liberty street crosses said East Main street, thence North to Boundary street, the same to be properly graded and paved with crushed flint rock; such paving shall include curb and gutter, which curb and gutter shall be constructed of granolithic or vitrified brick.

Section 2—That the cost of the paving of said East Main street, as provided in Section 1 of this ordinance, shall be paid as follows, viz: One-third of the entire cost of such paving shall be paid by the City of Gainesville, and two-thirds of the entire cost of such paving shall be paid by the special assessment of same against the property fronting or abutting upon said street in proportion to the frontage of the property fronting thereon. The estimated total cost of the paving of said street is Fourteen Thousand Four Hundred Sixty-three and Twelve One-hundredths ($14,463.12) Dollars; the estimated amount per front foot of the special assessment to be levied upon the abutting property, fronting on said street where the same shall be paved, is Three and Ten One-hundredths ($3.10) Dollars.

Section 3—The special assessment for the paving of said street, as provided in Section 2 of this ordinance, shall become due and payable as fast as the said street is paved, to be paid in the proportion as named in said Section 2, by the owner or owners of each and every lot, piece or parcel of land, fronting or abutting upon said street, where the same is paved.

Section 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable, for the paving of said street, as fast as the same is paved, according to the special assessment against said property, as provided by Section 2 of this ordinance, to be paid, in order to enable said city to pay the cost of the paving of said street, pending the collection of said special assessments and taxes, said certificates to draw interest at the rate of Six (6%) per cent per annum. The amounts to be paid for the paving of said street shall be a lien on the lots, pieces or parcels of land fronting or abutting upon the same, and said lien shall be enforced by suit in equity, as provided by the charter of said city.

Section 5—The City Council shall, as soon as practicable after the completion of the paving of said street, meet, and by resolution fix the special assessment per front foot for the paving of said street, upon the abutting property, in the proportion of two-thirds, as named in Section 2 of this ordinance, said special assessment not to exceed two-thirds of the actual cost of the paving of said street, as provided by this ordinance, or, two-thirds of the estimated special assessment per front foot for such work, as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time, in a newspaper in said city. Any special assessment not paid within thirty days after the publication of said resolution shall be accepted without interest, and any special assessment not so paid within said time shall bear interest from the date of the publication of such resolution at the rate of one (1%) per cent per month.

Section 6—The City Council shall meet on Tuesday, the 19th day of March, A. D. 1907, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied, to present their objections to the enforcement of the requirements of this ordinance.

Section 7—All ordinances or parts of ordinances, in conflict with the provisions of this ordinance, be, and the same are hereby repealed; and this ordinance shall take effect immediately upon it's passage and approval.

Passed in open session of the City Council this 15th day of February, A. D. 1907. G. K. BROOME,
President of the City Council.
Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 15th day of February, A. D. 1907. W. R. THOMAS,
Mayor of the City of Gainesville.
Attest: J. M. DELL, City Clerk.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that Mrs. Martha S. Harrison, purchaser of Tax Certificate No. [illegible] dated the 4th day of July, A. D. [illegible], has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua County, towit:

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec 5—That this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council on this 7th day of March, 1907.
G. K. BROOME,
Attest: President City Council.
J. M. DELL, City Clerk.

Approved by me this 8th day of March, 1907. W. R. THOMAS, Mayor.
Attest: J. M. DELL, City Clerk.

CALLS ATTENTION TO TREATY

Good Will of President Roosevelt Is Also Shown.

Tokio, March 11.—Replying Saturday afternoon to a sensational interpellation in the house of representatives in which the Japanese were represented as suffering humiliation at the hands of Americans, Foreign Minister Hayashi called attention to the existence of the last clause of the article of the second treaty with the United States. He said that this clause was inserted in order to secure a ratification of the treaty by the United States. Japan, he said, was at that time revising the treaty to abrogate extra-territoriality which was the greatest humiliation. Continuing to reply to the interpellation, Minister Hayashi emphasized the importance of aproaching the question of Japan's relations with America calmly and in a peaceful spirit, as excitement would only tend to increase the difficulties and injure the traditional friendly relations of both nations. He also pointed out the indisputable good will of President Roosevelt and his government toward Japan.

Woman's Murder Causes Arrest.

St. Louis, Mo., March 11.—Harry Murmeyer, aged 25, was arrested at his home in connection with the mysterious murder of Mrs. Kate Quernheim, whose dead body, shot, cut and bruised, was found in her home last evening. The police state that the arrest of Murmeyer is not regarded as solving the mystery, but he is being held pending investigation of statements he made following the discovery of the deed. A second-hand dealer called on Chief of Detectives Smith with several articles identified as having been taken from the Quernheim house. The dealer states that he had purchased the articles and described the seller. Chief Smith said he expected the information would lead to an important arrest.

Guthrie Gains His Suit.

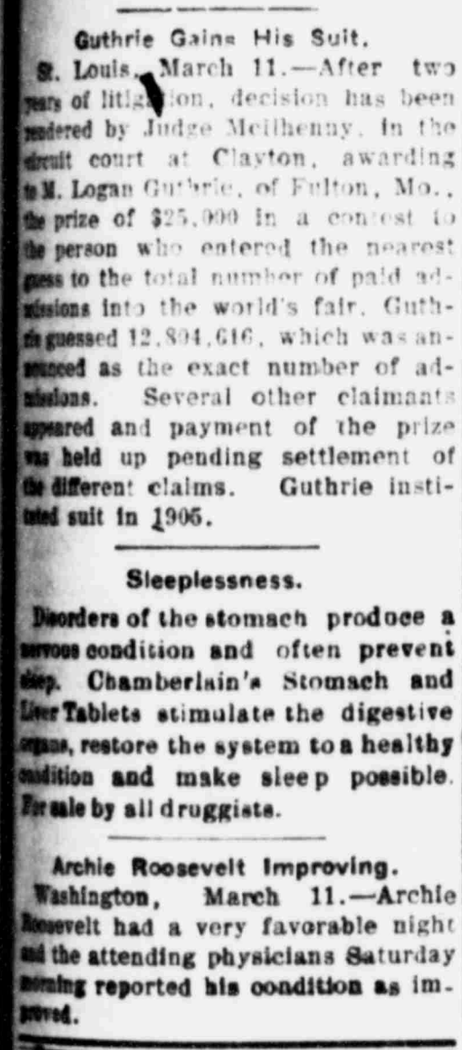
St. Louis, March 11.—After two years of litigation, decision has been rendered by Judge McIlhenny, in the circuit court at Clayton, awarding to M. Logan Guthrie, of Fulton, Mo., the prize of $25,000 in a contest to the person who entered the nearest guess to the total number of paid admissions into the world's fair. Guthrie guessed 12,804,616, which was announced as the exact number of admissions. Several other claimants appeared and payment of the prize was held up pending settlement of the different claims. Guthrie instituted suit in 1906.

Sleeplessness.

Disorders of the stomach produce a nervous condition and often prevent sleep. Chamberlain's Stomach and Liver Tablets stimulate the digestive organs, restore the system to a healthy condition and make sleep possible. For sale by all druggists.

Archie Roosevelt Improving.

Washington, March 11.—Archie Roosevelt had a very favorable night and the attending physicians Saturday morning reported his condition as improved.



Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes; "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

ITCHING RASH LASTED 18 YEARS

Baby Girl Had Rash Behind Ears—Nothing Would Drive It Away—It Spread and Grew Worse Under Specialist's Care—Tried Everything Without Avail.

CUTICURA REMEDIES EFFECTED PERFECT CURE

"When my daughter was a baby she had a breaking out behind the ears. The doctor said that she would outgrow it, and it did get somewhat better until she was about fifteen years old, and after that we could get nothing that would drive it away. She was always applying something in the way of salves. It troubled her behind the knees, opposite the elbows, back of the neck and ears, under the chin, and then it got on the face. That was about three years ago. As we had tried everything that we could hear of without help she took treatment with a specialist and seemed to get worse all the time. We were then advised to try the Cuticura Remedies, and now I don't see any breaking out, and we are well pleased with the results, and I will cheerfully recommend the Cuticura Remedies to all that may need them. M. Curley, 11-19 Sixteenth St., Bay City, Mich., May 20, 1906."

ECZEMA ON FACE

Child Suffered Two Years. Now Well. Mother Praises Cuticura.

"My little girl had been a sufferer of eczema on her face for two years. Tried treatment from doctor without effect. I at last heard of the Cuticura Remedies. Started treating her with Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. She is now nearly six years old, and no sores have as yet appeared on her face. From the day of her cure we have always praised the Cuticura Remedies in the highest. Mrs. W. H. Kimball, Canton, Minn., Nov. 9, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Turkish Political Prisoners.

When a Turkish political prisoner is sentenced to be deported to Tripoli or to the Euphrates, his friends bid him farewell. They know that they will never see him again alive and in all probability never hear of him again unless enormous sums are forthcoming to bribe scores of different officials. In fact, the only difference between a death sentence in Turkey and one of transportation is that the former is more rapid and more merciful. The government prefers the latter because it is less public. Now and then, however, news leaks through. Of poor Midhab Pasha, for instance, it is known that near Bagdad his brutal guards beat out his brains with the butt end of their rifles.—London Answers.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

Could Thin Them Out.

The Hon. H. L. Dawes in his young manhood was an indifferent speaker. Participating in a law case soon after his admission to the bar before a North Adams justice of the peace, Dawes was opposed by an older attorney whose eloquence attracted a crowd that packed the courtroom. The justice was freely perspiring, and, drawing off his coat in the midst of the lawyer's eloquent address, he said:

"Mr. Attorney, suppose you sit down and let Dawes begin to speak. I want to thin out this crowd."—Boston Globe.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

An Exciting Escape.

Prince Kropotkin, the Russian revolutionist, once made an exciting escape from a fortress prison in St. Petersburg. After two years in the prison he had been removed to the jail hospital, where plans were matured by his friends for his flight. He was allowed to walk for an hour each afternoon, guarded by armed sentries, in the grounds. A line of spies outside maintained a system of signals to notify the prince when the adjoining streets should be clear. When all was well a friend in a kiosk opposite the gates played upon a violin. After one or two false starts the violinist burst into a mad melody, and the prisoner, flinging off an outer garment, leaped for it. Sentries tried to stab him with their bayonets; others hesitated to shoot, believing that they could catch him. A carriage with a racing horse in the shafts was waiting. Into it he sprang, and they left at a gallop. His beard was cut off, his clothes changed, and he spent the first hours of his hiding in the best cafe in St. Petersburg.

The Amateur Detective.

Said the man in the restaurant to the other across the table:

"I'll bet you're a druggist."

"No; you're wrong."

"A chemist, then?"

"Wrong again."

"A photographer?"

"This time you're right. How did you guess it?"

"It was simple enough," was the answer. "I guessed it from the way you held the vinegar cruet in making your salad. You placed your little finger at the bottom of the bottle. No one but a man accustomed to measuring out graduated and exact quantities does that."—New York Press.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

BLOOD POISON

CURE YOURSELF AT HOME

Most persons who are afflicted with Contagious Blood Poison hesitate to go to a physician for several reasons. In the first place the expense is heavy, and they know that the inevitable treatment will be mercury and potash, strong minerals that act with disastrous effects on the delicate parts of the system, and which do not, after all, really cure the disease. What they want is a safe, reliable treatment that can be taken at home and a perfect cure made of this loathsome disorder without unnecessary exposure or expense. Such a remedy is S. S. S.—it is the only medicine that goes down to the very bottom of the trouble and drives out the last trace of the poison so that there are never any signs of its return. It does not contain a particle of mineral in any form, and after removing the disease from the circulation builds up every part of the system by its fine vegetable tonic properties.

S.S.S.

PURELY VEGETABLE

S. S. S. attacks the trouble at its head and not only permanently cures the disease for the one afflicted, but so purifies the blood that future offspring is insured against infection. S. S. S. may be taken in the privacy of your home and a perfect cure made of this hateful and loathsome trouble. For the assistance of those who are curing themselves with S. S. S. we have prepared a special book on Contagious Blood Poison which contains instructions of great value to all blood poison sufferers. We will be glad to send a copy of this book free, and if additional instructions or advice is wanted, our physicians will furnish it without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

STAMPING ENVELOPES.

Queer Ways Some Folks Have of Doing This Simple Act.

"The only way to stop people from plastering a stamp at any old place upon the envelope except the right one is to do as is done in England. There a letter which does not have the stamp in the right position is cast aside and handled only when all other mail is sorted and exchanged." This idea was advanced by a postal clerk quoted by the Philadelphia Record. "We often lose considerable time because of these letters," continued the clerk, "for often we have to stop and turn over an envelope to find the stamp. We do not mind so much the love sick youth or maiden who places the stamp on the center of the envelope, because a stamp so placed can be seen at a glance, but it is chiefly with the foreigners that we have the trouble. These people invariably put on a stamp at any but the right place, and you would be surprised to know how they do it. Why, I have seen letters upon which the stamps have been placed on the back of the envelope at the point where the society girl will put her monogram in sealing wax. Others when they have to pay, say, 5 cents postage will buy five one-cent stamps and put one on each corner of the envelope, with the remaining one acting as a seal upon the back."

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

Handicapped.

"Too bad about Keene. There's a fund of good humorous stuff in the antics of the would be society people in his new neighborhood."

"Well, he's just the fellow to take advantage of that for his funny sketches."

"Yes, but his wife is trying to get into society there."—Catholic Standard and Times.

Eczema, Tetter, Salt Rheum, Itch, Ring Worm, Herpes, Barbers' Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted all other treatment. Price 25 cents per box. For sale by all druggists.

The Poets.

"Poets usually have sad lives," said the sentimentalist.

"Well," answered Mr. Cumrox, "writing the kind of things they do, I don't see how they could expect to be very cheerful."—Washington Star.

Talk as if you were making your will; the fewer words the less litigation.—Balthasor Gracian.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.
